**WITNESS THE MIRACLE OF BIRTH!**

**The 138th MY MARYLAND STATE FAIR BIRTHING CENTER**

**DELIVERS AN EXCELLENT EDUCATIONAL OPPORTUNITY**

**MORE THAN A FAIR, WE'RE A CULTURE...AgriCULTURE**

TIMONIUM, MD – More Than A Fair, We're A Culture...AgriCULTURE! MY Maryland State Fair, presented by Toyota, *Birthing Center* will offer a great opportunity for fairgoers to ask questions and learn more about agriculture, one of the most important industries in Maryland, from Friday, August 23 through Monday, September 2, 2019.

The *Birthing Center*, features eye-level displays of litters of piglets and baby chicks as well as birthing areas where cows and sows (mother pigs) will give birth. Located in the **Cow Palace behind the Dairy Bar**, the Birthing Center will be open daily from 10 AM – 10 PM (or later if labor has already started) to provide opportunities for fairgoers to witness the miracle of birth of calves, litters of piglets and hatching chicks. In addition, live video cameras coupled with big screen televisions are in place to ensure that everyone has a good view. University of Maryland agriculture students and faculty will be with the animals at all times to oversee and assist with the deliveries and narrate the birth events that occur during Fair hours. The Ag students will also use Twitter (#statefairbirths) and an answering machine, 410-561-5695, to communicate with interested fairgoers when labor has begun. Video presentations will also be available when live births are not taking place.

Between births, University of Maryland AG students, dressed in red jumpsuits, will be holding the chicks and piglets for an up close and personal look. They will also provide factual and fun answers to fairgoers' questions about all aspects of agriculture. If you have ever wondered what the difference is between a heifer and a steer or a goat and a sheep, but were too afraid to ask, fear not.

"While many people might understand the vital role of Maryland's food and fiber industries to its economy, most folks don't get a chance to see first hand what goes on at the farm," said University of Maryland Associate Professor Emeritus Dr. Tom Hartsock. "We hope fairgoers, and especially children, walk away from the *Birthing Center* with a greater appreciation of the farm animals that provide so much of our nutritious food."
